

# Vika Acoustic Lighting

Designer: Khodi Feiz

In collaboration with designer Khodi Feiz, Abstracta takes a new approach to acoustic lighting – one that aims to create a peaceful atmosphere. The result is Vika, a sculptural floor screen that radiates atmospheric light while managing both low-frequency and high-frequency noise. “It’s another way of thinking about sound and light,” says Feiz.

Vika ceiling-mounted acoustic luminaire provides effective lighting over desks and meeting tables, for example.

## Care instructions

### Fabric

To maintain the color and appearance of the fabric, it should be vacuum cleaned regularly with a soft nozzle.

### Stain Removal for Polyester:

- Use colorless towel or a washcloth to absorb as much as possible of still-moist stain. Dried stains should be vacuumed.
- Wet the stain sparingly with a white pure cotton cloth, warm water and possibly a little pH-neutral cleaner.
- Dab the area with a dry cloth or colorless paper towel to absorb the moisture and stain.
- Repeat this process until the stain is gone.
- On the final repetition, use only clean water with no detergent added.
- Finish by dabbing up moisture with a dry cloth or paper towel.

### Stain Removal for wool:

Dab or wipe gently with a damp cloth.

## Sustainability

As a part of our sustainability work, we are certified according to following standards and quality labels:

### ISO 9001, ISO 14001 & ISO 45001

Management systems for quality, environment, and occupational health and safety.

We and our suppliers need to commit to Lammhults Design Group's Code of Conduct.
