

Abstracta Agile

Designer: Studio Stockholm

Abstracta Agile is a multi-tool that fills a void. Its inspiration comes from how today's tech companies work on projects.

"We've done a lot of interior design projects for software companies that work in teams in a really agile way. So, there's a need, for example, to be able to huddle for a quick coordination meeting and then move on. This is where the idea behind the product came from," explains designer Martin Eckerberg.

It works like a project workspace on wheels, equipped with all the necessary tools: a whiteboard, an acoustic panel, a smart fold-out table for laptops, and a USB-C cable. The whiteboard is an e³ ceramic steel surface from PolyVision.

Product range:

Writing Boards

Acoustic qualities:

Absorption

Dimensions available (WxHxD mm):

1300x1900x540

Product description: The product does not include the media accessories. Add our video conferencing solution to complete the screen.

Content¹:

Material	Specification	Weight (kg)	Share (%)
Wood	Fiberboard, MDF, pine	38.06	42.4
Steel	Whiteboard, stand feet	32.22	35.9
Aluminium	Frame, whiteboard foil	13.67	15.2
Polyester	Acoustic polyester	2.52	2.8
Plastic	Wheels, retractor, lamination	1.87	2.1
Adhesive	Wood glue, white glue	0.60	0.7
Upholstery	Wool or polyester	0.59	0.7
Electronics	USB-C-HDMI cable	0.17	0.2
Total		89.69	100
Packaging - Wood	Pallet and boards	65.68	
Packaging - Cardboard	Boxes and protection	12.14	
Packaging - Plastic	Bags, strapping bands	0.24	
Packaging - Other	Paper tape	0.07

Sustainability

As a part of our sustainability work, we are certified according to following standards and quality labels:

ISO 9001, ISO 14001 & ISO 45001

Management systems for quality, environment, and occupational health and safety.

We and our suppliers need to commit to Lammhults Design Group's Code of Conduct.

Möbelfakta

This product has been declared and approved to criteria of Möbelfakta:

Quality: This piece of furniture must meet established international technical standards

Environment: All stages of the manufacturing process must be green, from raw materials to finished product.

Responsible supply chains: All stakeholders in the supply chain take social, environmental, and ethical responsibility.

Quality

EN 1023-1: No eye contact in the standing position: Height ≥ 1800 mm

EN 1023-2: Pass

EN 1023-3: Pass

EN 438-2: Pass

EPD

An EPD is available for the product. The EPD has been third-party reviewed and is published at EPD Norway. The results of the EPD shows that Agile releases 118.55 kg CO_{2e} from Cradle-to-Gate. The full EPD is available here: [EPD - Abstracta Agile](#)

Acoustic facts

The impact of our acoustic products is presented at acousticfacts.com, where products can be compared in an objective way. This ensures that all technical data is accurate and meets international, European, and Swedish standards.

Abstracta's reuse service

We offer a recycling service for our customers. This means that we collect used sound absorbers and other products for renovation, reuse or recycling. To facilitate circularity, our products consist of exchangeable parts, which simplifies repair, reuse and recycling. Contact our sales support team for more information.

5-year warranty and 10-year spare parts warranty.

Care instructions

Fabric

To maintain the color and appearance of the fabric, it should be vacuum cleaned regularly with a soft nozzle.

Stain Removal for Polyester:

- Use colorless towel or a washcloth to absorb as much as possible of still-moist stain. Dried stains should be vacuumed.
- Wet the stain sparingly with a white pure cotton cloth, warm water and possibly a little pH-neutral cleaner.
- Dab the area with a dry cloth or colorless paper towel to absorb the moisture and stain.
- Repeat this process until the stain is gone.
- On the final repetition, use only clean water with no detergent added.
- Finish by dabbing up moisture with a dry cloth or paper towel.

Stain Removal for wool:

Dab or wipe gently with a damp cloth.

Global Goals

The UN Sustainable Development Goals are the basis of our environmental work. We focus on the five goals to which we can contribute most.

Goal # 3 – Good health and well-being

Goal # 5 – Gender equality

Goal # 8 – Decent work and economic growth

Goal # 12 – Responsible consumption and production

Goal # 15 – Life on land

Whiteboards and glass boards

Remove any protective film from the writing board and thoroughly clean the surface before first use. Moderately-used writing boards should then be cleaned a couple of times a week. The board must be absolutely dry when used. Use only pens intended for whiteboards. Replace the felt on the eraser on a regular basis.

Clean as follows:

- Wipe with approved cleaning fluid intended for whiteboards.
- Then wash away residual cleaning solution with clean lukewarm water.
- Wipe dry with a cloth.
- Repeat if necessary.
- Easier soiled paintings can be cleaned with only lukewarm water.
- Wipe dry with a cloth.

Note: Avoid detergents that are not intended for whiteboards (e.g. soap or detergent) since they can leave residues which hinder erasure.
